

EBS Communications Corporation

Satellite - StarLink Receiver and Data Provider

Capabilities Statement

Guaranteed delivery within 24 hours
of StarLink Satellite Receivers
and Internet Data
to Emergency Incident Command Posts

Core Competencies

- Guaranteed Timely Delivery of StarLink Satellite Receivers to Emergency Incident Command or Communication Sites (dependent on stock)

Differentiators

We realize that emergencies are never convenient. We are standing by and available to deliver satellite receivers 24 hours per day, seven days per week.

Experience

With over 20 years of experience, we supply satellite receivers and internet data to Emergency Incident Command and Communication Posts. Our service is known for its reliability and timely delivery, and we have consistently met the needs of companies involved in film production, audio recording, and software development.
